QUALITY CONNECTIONS 2006:

Creating Quality Across the Health Care Continuum

Join the Washington Health Foundation for the **6th Annual Quality Health Care Conference**—the only event of its kind in the Northwest! **Quality Connections** is known as the venue to connect with peers who share the goal of successfully applying quality improvement methods.

This year we are bringing national and local leaders together to speak in the areas of Leadership, Strategic Planning, Process Design and Management, Information and Analysis, Results, Evaluation and from the perspectives of the patient and the staff to provide a comprehensive conference in supporting your work to improve quality and safety in your organization.

THE PROGRAM

The program will highlight:

- Models from organizations that have been recognized for their quality efforts.
- The roles of leadership, management and staff as change agents.
- Performance accountability and measuring outcomes.
- Quality improvement tools and skills to apply in any health care setting.
- Collaboration and sharing of ideas and experiences.

At the conclusion of this program, the participants will be able to:

- Incorporate specific quality and safety initiatives into the everyday delivery of health care.
- Identify and apply learned strategies and best practices to overcome barriers.
- Understand the roles of each member of the organization and how they integrate with one another.
- Develop evaluation and measurement plans for change efforts.
