Healthcare Risk Management (ASHRM) of the
American Hospital Association

WHCRMS Mission

To promote and enhance the professional practice of health care risk management through education, collaboration and member services.

Our History

WHCRMS was organized in 1983 as a forum for risk managers and others within the healthcare industry whose professional practice contribute to the identification, assessment, prevention, and control of risk.

WHCRMS is comprised of health care professionals from diverse disciplines: hospital risk managers, risk management representatives from managed care organizations and physician groups, representatives from the insurance industry, defense attorneys, risk management healthcare consultants, and other personnel involved in risk management.

The mission of WHCRMS is met by:

- Conducting educational programs and activities to strengthen and develop risk management programs and promote professional development
- Providing a forum for the free exchange of ideas and information of mutual interest among the membership.
- Promoting the specific interest of health care risk managers through interdisciplinary conferences and forums
- Providing input and updates on legislation and regulation affecting chapter members
- Identifying trends in the practice of risk management

Charter Committees

Education Committee

Selects topics and arranges speakers for WHCRMS meetings; the annual conference committee is responsible for the Chapters' annual education conference.

Eastern Washington Committee

Identifies and addresses the needs of the membership in Eastern Washington.

Legislative Committee

Monitors current federal and state legislation impacting health care risk management and communicates relevant information to the membership.

Membership Committee

Undertakes and encourages recruitment and retention of members. Welcomes new members and provides chapter information.

Nominating Committee

Identifies members demonstrating leadership qualities within the organization to run for the Board of Directors and coordinates the election process.

Website Coordinator

Sending updating, meeting information, conference and educational materials, membership, job listings, etc. to WHCRMS webmaster.
